The Council for Labor & Economic Growth (CLEG) serves as Michigan's workforce investment board as required under the federal Workforce Investment Act of 1998. CLEG is a business-led, business majority council comprised of key leaders from business, labor, community colleges, universities, community-based organizations, local workforce boards, the K-12 educational community, and government. CLEG recommends strategies to encourage and stimulate innovative responses to Michigan's workforce challenges. Members of the board serve in an advisory capacity to the Governor and the director of the Michigan Department of Labor & Economic Growth. More information about CLEG is available at www.michigan.gov/cleg.

The meeting sites and parking are accessible. Individuals attending CLEG meetings are requested to refrain from using heavily scented personal care products, in order to enhance accessibility for everyone. People with disabilities requiring additional services (such as materials in alternative format) in order to participate in the meeting should contact 517-241-8408 or cleg@michigan.gov at least three work days before the event.
